

Practical and compact

Basic Convection 5 Programmable

The features of the Fri-Jado Basic Convection are as simple as they are effective. It includes five tray positions, brilliant halogen lighting, automatic cooldown, clear display and rounded corners in the oven chamber for easy cleaning.

The Basic Convection 5 Programmable is equipped with a large fan that rotates alternately between two rotation directions, achieving optimum airflow in the oven chamber. This ensures that all your products are evenly baked with consistently perfect results.

The Basic Convection can memorize 25 programs with up to three steps per program. You can set the time, temperature and steam mode.
