

DANLESCO GROUP is a market leader in:

- Packaging Equipments & Solutions
- Marking & Coding Equipments & Printing Solutions
- Food Inspection Equipments & Detection Solutions
- Food Processing Equipments & Production Solutions
- Retail Weighing Equipment & Bar coding Solutions
- Industrial Weighing Equipments & Solutions

Established in 1971, DANLESCO has extended its operations across 5 locations throughout the Middle-East. In view of the various brands & clientele, DANLESCO is familiar with the different cultures both in the East and the West. Through our extensive international network, modern R&D, skilled professionals & strategic alliances with top brands from Europe, we have created a legacy of providing optimized solutions, best technical support and the most reliable customer service.

Being a customer oriented organization; we have a philosophy of putting your needs first. It is this relentless pursuit of customer satisfaction that has inspired the trust and confidence of thousands of clients.

Our Commitment:

- Comprehensive, cost-effective solutions that are backed by round the clock sales and technical services.
- Products and services that facilitate customers' product development and enhance their value creation.

Our Products:

- ⇒ Metal Detectors—Food
- ⇒ X-Ray Inspection—Food
- ⇒ Check Weighers & Graders
- ⇒ Continuous Inkjet Printers—CIJ
- ⇒ Large Character Printers—LCP
- ⇒ Thermal Inkjet Printers—TIJ
- ⇒ Thermal Transfer Overprinting—TTO
- ⇒ Laser Printers
- ⇒ Stampjet Printers
- ⇒ Color Sorting Machines
- ⇒ Manual Tray Sealers
- ⇒ Automatic Tray Sealers
- ⇒ Thermoforming Machines
- ⇒ Vacuum Pack Machines
- ⇒ Flow Wrap / Flow Pack Machines
- ⇒ Shrink Wrap Machines & Tunnels
- ⇒ Stretch Wrapper / Pallet Wrapper
- ⇒ Vertical Form Fill Seal Machines—VFFS
- ⇒ Doypack Machines
- ⇒ Liquid / Paste Filling Machines
- ⇒ Label Application Systems
- ⇒ Carton Sealing Machines
- ⇒ Sleeve Wrapping & Shrinking Machines
- ⇒ Industrial Bakery Equipment
- ⇒ Inspection Systems
- ⇒ Bakery Equipment
- ⇒ Various Food Processing Equipment
- ⇒ Butchery Equipment
- ⇒ Retail Weighing Scales
- ⇒ Industrial Weighing Scales
- ⇒ Industrial Weighbridges

INSPECTION

LOMA METAL DETECTORS TYPES

- ⇒ Conveyor Based - For packed / finished products
- ⇒ Vertical Free Fall - For free flow products on line or packaging machine prior to packaging
- ⇒ Pipeline - For pipe flow liquid / semi-liquid products

METAL DETECTORS BENEFITS

- ⇒ To produce safe to use & consume food products
- ⇒ For various quality & hygiene certifications
- ⇒ Variable Frequency as standard
- ⇒ For quality assurance & reliability

Designed To Survive

LOMA CHECKWEIGHERS

- ⇒ Unrivalled loadcell provides accuracy from 0.2g
- ⇒ Unique low centre of gravity
- ⇒ Designed to handle all types of products, flexible & rigid product and packages
- ⇒ For quality assurance & reliability
- ⇒ Low vibration
- ⇒ 10.5" colour touch screen for easy operation

COMBINATION SYSTEMS

- ⇒ Combined checkweigher & metal detector
- ⇒ Saves space & reduces footprint
- ⇒ Cost effective combination
- ⇒ Provides the same functionality as independent systems with single or double rejections for metal contamination or weight difference

Designed To Survive

LOMA X-RAY SYSTEM TYPES

- ⇒ Conveyor Based - For packed / finished products
- ⇒ SpaceSaver Conveyor Based - For packed / finished products
- ⇒ Pipeline - For pipe flow liquid / semi-liquid products
- ⇒ Bulk Flow - For bulk flowing loose products like nuts, etc
- ⇒ Large Type - For larger sized products, heavy duty

LOMA X-RAY BENEFITS

- ⇒ Detects metal, glass, ceramic, bone & some plastics
- ⇒ Detects incomplete, missing & deformed products
- ⇒ 0.4 mm diode; high detection capabilities; quality assured
- ⇒ Variable diode sizes possible with AAT (0.4, 0.8, 1.6 mm)
- ⇒ Scans products in metallic packaging with ease

CIJ PRINTERS - SCP

Zanasi Z4700 Continuous Inkjet Printer

- ⇒ Can print on any kind of surface & position of printhead
- ⇒ Low on Cost & High on Productivity: Reliable & Flexible
- ⇒ Upto 4 lines of print; character height 0.8 mm to 13 mm
- ⇒ Line Speed Capacity: 320 mt/min (1050 ft/min)
- ⇒ Storage: 150 messages & 50 logos
- ⇒ 10.1" Graphic Colour Touch Screen on Z4700 Model >>

Zanasi Z5000 Continuous Inkjet Printer

- ⇒ Automatic Flushing of the Printhead with Solvent
- ⇒ Stainless Steel Ergonomic Cabinet IP 65 Rated
- ⇒ Innovative 5 lines of print; character height 0.8 mm to 16 mm
- ⇒ Line Speed Capacity: 320 mt/min (1050 ft/min)
- ⇒ Storage: 250 messages & 50 logos
- ⇒ Printing: production dates, expiry dates, batch numbers, etc.

DOD PRINTERS - LCP

SAMPLE 30/04/03 L3. 256

Zanasi Large Character Printers DOD Z101

- ⇒ Z101 carries an innovative 5.7" touch screen panel
- ⇒ Mainly used to print on secondary packaging or raw material
- ⇒ Z101 Maximum Printing Height: 7 - 20 mm @ 60 mt/min

Zanasi Large Character Printers DOD ModulPrint / Z402

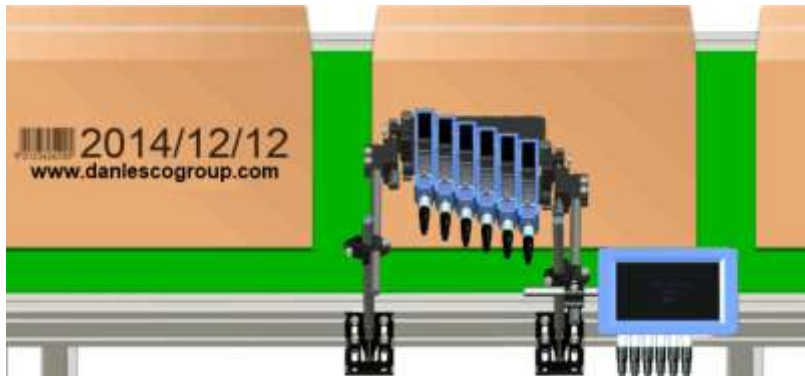

- ⇒ ModulPrint / Z402 is a powerful industrial solution for large prints
- ⇒ ModulPrint / Z402 Printing Height: 12 / 40 / 60 / 100 mm (Options)

MARKING & CODING

Danpack Elfin Printer Range

- ⇒ Thermal Inkjet Printing Technology
- ⇒ Per Print Height (per head): 12.7 mm upto 4 lines
- ⇒ Handheld printer models available
- ⇒ Online printer models available
- ⇒ Multihead stitched printhead models available
- ⇒ Multihead printhead model for egg printing

High Resolution Inkjet Printer

5inch full-color large LCD touch screen;
Stand-alone operation, no PC required;

Reiner 940

- ⇒ Handheld marking unit
- ⇒ Print on the surface by rolling over them
- ⇒ Quick dry ink options for various surfaces such as metal & plastics
- ⇒ Images and barcodes can be printed
- ⇒ Max Print Size: 140W x 12.7H mm

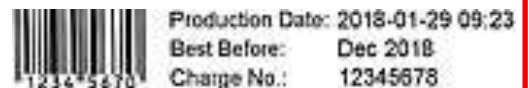

Anser U2 Smart-Carton Coding

Reiner 790 & 970

- ⇒ Upto 4 images can be stored
- ⇒ Cheap & Simple solution
- ⇒ Data can be transferred by USB
- ⇒ Mobile Printing—Battery Operated
- ⇒ Max Print Size: 65 mm x 12.7 mm
- ⇒ Good for printing dates, batch, etc

PROD: 01.NOV.2021 AZ 2345/GHT/56783230
BEST: 01.AUG.2022 FXLLIG 15.NOV.2018

Thermal Transfer Overprint

- ⇒ Can be mounted on your packaging machine
- ⇒ Can be used with various ribbons upto 600m
- ⇒ High Speed Printing; Upto 450 prints per minute
- ⇒ Upto 4 lines of print; height 2.7 mm to 12.7 mm
- ⇒ Good for printing dates, batch, etc on laminades

CO2 Laser Printers

- ⇒ For polymers, resin, glass & ceramics
- ⇒ Laser engraving is permanent

Fiber Laser Printers

- ⇒ For metals, polymers & ceramics
- ⇒ Used for better print quality

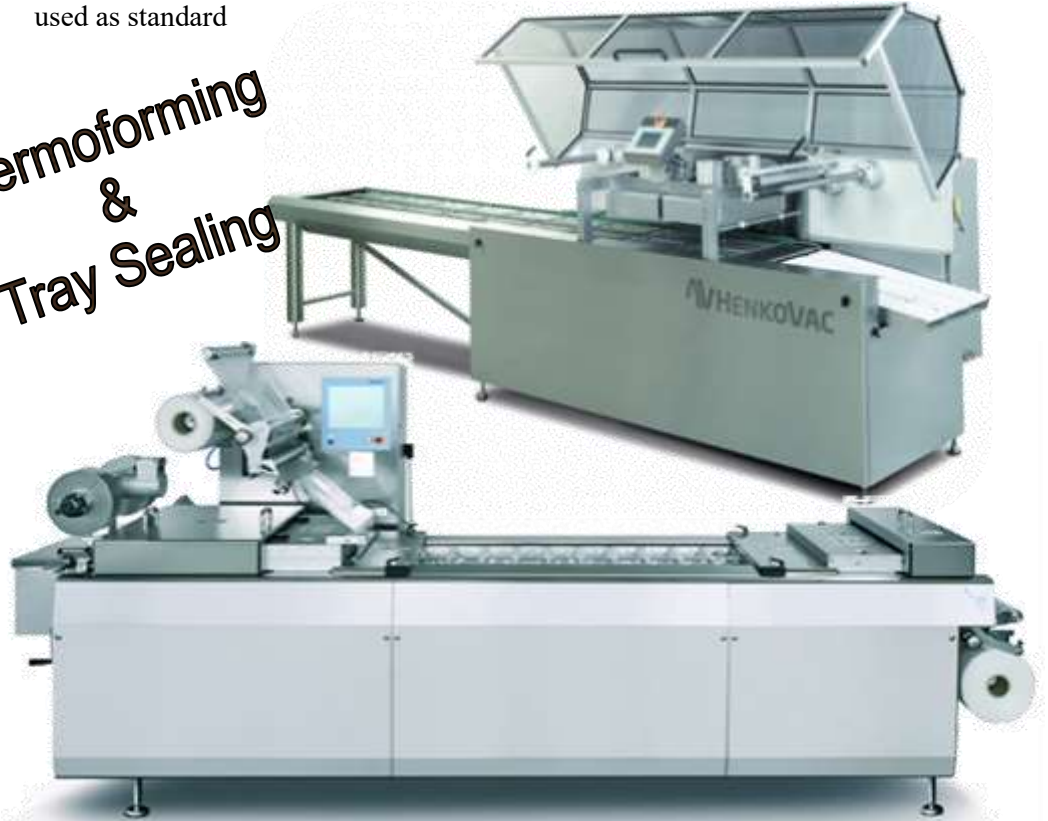

PACKAGING

HENKOVAC (Netherlands) MAP Machines

- ⇒ Efficient, High Capacity & Built to Last - Reliable, Durable & Flexible
- ⇒ Vacuum Machines, Tray Sealers & Thermoforming Machines
- ⇒ All Machines use BUSCH Pumps
- ⇒ BUSCH Pump is used as standard

Thermoforming
&
Tray Sealing

Shrink & Sleeve
Wrapping Machines

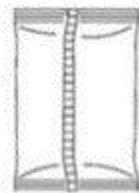

PACKAGING

Horizontal Flow Wrap Machines

Form 1 (standard)

Form 2 (optional)

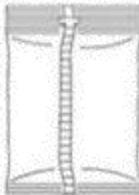

Form 3 (optional)

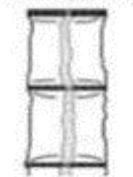

3-side

Form 4 (optional)

Form 5 (optional)

4-side

back side seal

Vertical Fill Form Seal Machines

PACKAGING

Cup & Tub Filling Machines

Doypack Forming & Packing Machines
